DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claims 11-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claims 11 and 26-27 recite an image forming device but does not recite an image forming means.

Response to Arguments

2. Applicant's argues that a developing means is equivalent to an image forming means. However, the image forming means forms the image that the developing means develops. Applicant claims an image forming device not a developing device and applicant should at least recite means to perform image forming in an image forming device. The claims remain rejected as discussed above.

Allowable Subject Matter

3. Claim 11-29 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
